Getting Started

**WELCOME TO FISDAP!**

Thank you for using FISDAP to track and improve your learning during your Emergency Medical Services hospital and field internships. From this web page you will be able to create a new student account. Once your account information is complete you will be assigned a user name (sometimes referred to as your UserID) after that you will be ready to begin using FISDAP.

In order to create a FISDAP account you must already have an email address. If you do not have an email address and would like to know more about how to obtain one, please click [here](#).

To create your student account you should have gotten either a 19 digit serial number or a Program Order ID from your instructor. Instructors can find the Program Order ID on the [Order Accounts](#) page in the Admin section of the web site. Please carefully enter this in the appropriate box, press the submit button and follow the instructions on the following pages. If you do not have a serial number or a Product Code, please contact your instructor.

FISDAP Serial Number

or

Product Code

To create your student account you should have gotten either a 19 digit serial number or a Program Order ID from your instructor. Instructors can find the Program Order ID on the [Order Accounts](#) page in the Admin section of the web site. Please carefully enter this in the appropriate box, press the submit button and follow the instructions on the following pages. If you do not have a serial number or a Product Code, please contact your instructor.
