REFUND POLICY

Refund of tuition and fees is based upon the following regulations: A registered student must officially drop a course or officially withdraw from college to receive a refund of fees. Students officially withdrawing no later than the day listed in the college calendar are eligible for refund of fees as follows:

- A. Refund of 100 percent of matriculation and tuition fees will be made when a class is cancelled by the College.
- B. Refund of 100 percent of matriculation and tuition fees will be made when a student withdraws from or drops a course before the last day to add classes. After this date, no refunds will be made for course drops.
- C. Before refunds are disbursed, outstanding indebtedness to the College must be paid.
- D. In the case of extreme personal or family hardship, or in cases involving extenuating circumstances, the Dean of Enrollment and Student Services may waive the above regulations.

FEES FOR RETAKING COURSES

Section 240.124 Florida Statutes mandates that each student attempting

the same non-repeatable undergraduate course more than twice beginning with the Fall Semester 1997 shall be assessed an additional per credit hour surcharge beginning with the third attempt. Attempted hours include those hours dropped, withdrawn and repeated under NFCC forgiveness policy which are fee liable.

The only exceptions:

- Any course taken prior to the fall 1997.
- Attempts taken at an institution other than NFCC.
- Any non fee-liable course dropped or withdrawn.

Out-of-state fees are assessed to individuals upon the third attempt to satisfactorily complete a course that is not designated as a repeatable course in the College Catalog and course schedule. The additional tuition and fees may be waived by the Dean of Academic Affairs. To apply for consideration for the waiver of the additional fees that are assessed on the third attempt, the student must submit a completed Petition for Exemption from Full Cost of Instruction form, a letter addressed to the Dean of Academic Affairs, and a copy of their academic record. The petition must be submitted and approved by the end of the drop/add period for the term in which the student would like to attempt the course. A fourth attempt may be allowed only through an academic appeals process based on major extenuating

circumstances. Contact the Office of Enrollment Services for more information.

TUITION-FREE COURSES FOR THOSE SIXTY-FIVE YEARS OF AGE AND OLDER

Adults 65 years of age or older may apply for admission as a senior citizen. The admission requirements applicable to students under this category include the completion of an application as non-degree seeking/senior citizen and payment of the one-time \$20.00 application fee. This is a special category status and is not an alternate form of admission for the career and technical or associate degree programs. Those applying for admission as senior citizens may register up to 4 credit hours per semester. Tuition is waived but the student is responsible for the purchase of textbooks, instructional materials, and other fees required for the course.

EXCESS HOURS ADVISORY STATEMENT

Section 1009.286, Florida Statutes, establishes an "excess hour" surcharge for a student seeking a baccalaureate degree at a state university. It is critical that students including those entering Florida Colleges are aware of the potential for additional course fees. "Excess hours" are defined as hours that go beyond 120% of the hours required for a baccalaureate degree program. For example, if the length of the program is 120 credit hours, the student may be subject to an excess hour surcharge for any credits

attempted beyond 144 credit hours (12 x 120%). All students whose educational plan may include earning a bachelor's degree should make every effort to enroll in and successfully complete those courses that are required for their intended major on their first attempt. Florida College students intending to transfer to a state university should identify a major or "transfer program" early and be advised of admission requirements for that program, including the approved common prerequisites. Course withdrawals and/or repeats, as well as enrollment in courses non-essential to the intended major, may contribute to a potential excess hour surcharge.

CLAS - COLLEGE LEVEL ACADEMIC SKILLS

- **College Level Academic Skills (CLAS)**, created by the Florida State Board of Education, requires students to demonstrate proficiency in communication and computation prior to graduating.
- Students aspiring to receive an A.A. degree or to transfer to a university with 60 or more credits, must meet CLAS requirements in order to graduate. Students can use a combination of ACT, CPT, SAT I or 2.5 GPA in certain courses to meet the College Level Academic Skills (CLAS) requirement.
- For more information, refer to the NFCC website or the College Catalog.

GRADUATION

Students must apply in writing for graduation. Graduation applications are available in the Registrar's Office. Students must complete a graduation application, in order to receive a diploma or certificate, even if they do not desire to participate in the commencement ceremony. See the calendar for deadlines concerning graduation.

COLLEGE CLOSING PROCEDURES FOR WEATHER EMERGENCY

The College switchboard will have its message modified, conditions permitting, to indicate the closing status. The Governor has created an Internet site that directs the public to shelter during a hurricane evacuation. The web address is www.floridadisaster.org. If the College is not closed, but your area has emergency weather situations that may prevent you from attending class, you are advised to make your own decision concerning your safety. You are responsible for discussing the situation with your instructor to determine how to deal with the extenuating circumstances.
