### **There's never been anyone quite like Ramona Geraldine Quimby!**

Unpredictable. Exasperating. Boisterous and independent - that's Ramona. As narrator, Ramona's big sister Beezus introduces us to their family and friends on Klickitat Street in Portland, Oregon, setting the scene for a delightfully funny and moving collection of vignettes from Beverly Cleary's books that trace Ramona's tumultuous third-grade year. The challenges and joys that these memorable characters meet are timely and familiar, and their togetherness in tackling their sacrifices and adjustments for each other are a reassuring reminder that, though life isn't always easy, sometimes happy and sometimes sad, it's our commitment to each other that makes life go on in a kind of miraculous way.
