### Section 1

### Section 2

### Section 3

*Intended Instructional Unit Outcomes  
(learning objectives):*

*Assessment of Outcomes*

*Use of Results: Explain use of the assessment results to improve instructional unit (curriculum changes, delivery methods, etc.)*

1.)	Students beginning the RN program will complete the program.	Means of assessment and criteria for success:	80% of students beginning the RN program will complete the program.	20 Students met the requirements and were admitted into the Spring 06 RN program.  In the Summer semester, the RN program will admit qualified LPN's who have met the program entrance requirements. <i>(This number will be used to attain the maximum enrollment of 24 students and could change yearly.)</i>  Assessment is on-going and will be measured at a later date.
		Results of assessment activities:	Enrollment records in the NFCC registrar's office and an enrollment analysis reports conducted by the Office of Institutional Research.	
2.)	Program completers will pass the State Board of Nursing Examination within one year of program completion.	Means of assessment and criteria for success:	80% of program completers will pass the State Board of Nursing Examination within one year of program completion	Assessment is still ongoing and will be measured at a later date.  The Florida Board of Nursing submits score reports to each Nursing facility each year.
		Results of assessment activities:	The Florida Board of Nursing submits score reports to each Nursing facility each year.	
3.)	Program completers will be employed in the nursing field within one year of completing the program.	Means of assessment and criteria for success:	90% of program completers with passing scores on the State Board of Nursing Exam will be employed in the field of nursing within one year of program completion.	Assessment is still ongoing and will be measured at a later date.  A yearly Alumni Survey is conducted each spring and all program completers are asked to keep the Allied Health Department informed of their work placement.
		Results of assessment activities:	A yearly Alumni Survey is conducted each spring and all program completers are asked to keep the Allied Health Department informed of their work placement.
