

DUAL ENROLLMENT ARTICULATION AGREEMENT BETWEEN
THE DISTRICT BOARD OF TRUSTEES OF NORTH FLORIDA COLLEGE
and
FSYR Donald Ralph Cooke School

This agreement is entered into by and between the District Board of Trustees of North Florida College, Madison, Florida, hereinafter referred to as the "College," FSYR Donald Ralph Cooke School, hereinafter referred to as the "Private School,"

WHEREAS, pursuant to §1007.271, Florida Statutes, each school district and the community college which serves it must enter into a dual enrollment articulation agreement; and

WHEREAS, the State Board of Education has promulgated SBE Rule 6A-10.024 providing for interalia, the establishment of joint articulation programs and agreements for college-level instruction for high school students; and

WHEREAS, the parties hereto believe that the adoption of an articulation plan will provide enhanced learning opportunities for qualified students through the efficient use of the College's programs and resources;

NOW, THEREFORE,

The College and the Private School do hereby agree as follows:

There shall be an Articulation Council composed of no fewer than four members. The College representatives shall be the Dean of Academic Affairs, the Director of Curriculum and Instruction, the Director of Dual Enrollment, and the Dual Enrollment Coordinator. The Private School representatives shall be the High School Principal, Curriculum Coordinator and Guidance Counselor or designee.

The Articulation Council will submit the articulation agreement to the College President and the Private School for review and final approval prior to submission to the College Board of Trustees and to the Private School. Upon signature, the Agreement will be in effect until July 31, 2022. The Articulation Council will review the Dual Enrollment Articulation Agreement during the spring semester of each year. The Articulation Council will be responsible for recommending changes in the agreement to the College President and to the Private School.

The College President will designate an individual responsible for administrative oversight of the dual enrollment program. The responsibilities include registration, drop/add, attendance verification, and monitoring the program in general.

1. Ratification or modification of all existing articulation agreements.

This agreement shall be in effect from the date of entering into this agreement until July 31, 2022. It shall replace all previous dual enrollment articulation agreements between the parties.

2. A description of the process by which students and their parents are informed about opportunities for student participation in the dual enrollment program.

It is the responsibility of the Private School to inform students of the availability of the dual enrollment program, requirements, and currently offered courses through educational planning and guidance process. Each school will advertise dual enrollment through a variety of methods. The Private School shall inform all eligible secondary students and their parents of dual enrollment as an educational option, including eligibility criteria and the process by which students and parents exercise their option to participate.

NFC shall work with the Private School to provide a live schedule of classes on the NFC website and will be available to communicate directly with parents and students about dual enrollment options. For information about NFC’s Dual Enrollment program call the Office of Dual Enrollment at 850-973-1628 or 850-973-9490.

The Private School will allow College personnel reasonable access to the schools and students for purposes of program information and dissemination. The district will provide staff to assist College personnel with facilities and requested instructional equipment.

3. A delineation of courses and programs available to students eligible to participate in dual enrollment.

For the purposes of the dual enrollment articulation agreement, the programs articulated under this agreement include:

A. Dual Enrollment §1007.271, Florida Statutes

1. Section 1007.271(1) of Florida Statutes says that a “dual enrollment program is the enrollment of an eligible secondary student or home education student in a postsecondary course creditable toward high school completion and a career certificate or an associate or baccalaureate degree. A student who is enrolled in postsecondary instruction that is not creditable toward a high school diploma may not be classified as a dual enrollment student.”

2. Students are permitted to enroll in these programs in fall and spring terms during school hours and after school hours. In addition, eligible secondary school students shall be permitted to enroll in eligible courses regardless of delivery method. Any student so enrolled shall be exempt from the payment of registration, matriculation, and laboratory fees.
3. Part time Dual Enrollment may take up to 11 credit hours per term.

B. Early Admission Dual Enrollment, §1007.271(10), Florida Statutes

Early admission is a form of dual enrollment through which eligible secondary students enroll in a post-secondary institution on a full-time basis [minimum of 12 credit hours and a maximum of 15 credit hours per term] in courses that are creditable toward the high school diploma and the associate degree. Students who wish to register for more than 15 credit hours per term need permission of the Dean of Academic Affairs.

C. Career Dual Enrollment, §1007.271(7), Florida Statutes

1. Career dual enrollment was established by the Legislature as a positive measure to expand the scope of the dual enrollment program. Students may take up to 330 vocational clock hours per term part time Career Dual Enrollment.
2. This type of dual enrollment shall be provided as a curricular option for eligible secondary students to earn industry certifications pursuant to 1008.44, FS which count as credits toward the high school diploma.
3. For 2021-2022, CWE (Career and Workforce Education) programs available for eligible secondary students are Advanced Manufacturing and Production Program (AMPT), and CMS Correctional Basic Recruit Training Program.

D. Career Early Admission, §1007.271(11), Florida Statutes

Career early admission is a form of career dual enrollment through which eligible secondary students enroll full-time (361- 480 clock hours per term) in postsecondary programs leading to industry certifications, as listed in the Postsecondary Industry Certification Funding List. Students who wish to register for more than 480 vocational clock hours per term need permission of the Dean of Academic Affairs. "Participation in the career early admissions program is limited to students who have completed a minimum of 4 semesters of full-time secondary enrollment, including studies undertaken in the ninth grade" per Florida Statute section 1007.271(11). For 2021-2022, CWE (Career and Workforce Education) programs available for eligible secondary students are Advanced Manufacturing and Production Technology Program (AMPT), and Early Childhood Professional Certificate (ECPC).

E. Collegiate High School Program, §1007.273, Florida Statutes

The collegiate high school program is an option for public school students in grades 11

or 12 to participate in the program for at least 1 full school year, to earn CAPE industry certification pursuant to §1008.44, and to successfully complete 30 credit hours through the dual enrollment program under §1007.271 toward the first year of college for an associate degree while enrolled in the collegiate high school program.

North Florida College encourages students who wish to enroll in college credit courses to concentrate on general education courses. Students who intend to earn an Associate in Arts or Baccalaureate degree should carefully evaluate each course to determine its applicability to meeting degree requirements. College Credit Courses are defined as those courses that meet requirements for Advanced Technical Diplomas, College Credit Certificates, Associate in Arts, and Associate in Science.

Dual enrollment courses may be taken at the College or at the high school site or at any location where college courses are taught, subject to approval by the high school guidance counselor or designee. In addition, eligible secondary school students shall be permitted to enroll in eligible courses regardless of delivery method.

4. A description of the process by which students and their parents exercise options to participate in the dual enrollment program.

The high school will promote the dual enrollment program by informing students and their parents about the ramifications of taking college credit courses while in high school. The high school will provide parents and students who may be eligible to take dual enrollment courses the eligibility criteria to apply and register for College courses. Students will be responsible for completing the dual enrollment applications and returning the completed application to the high school counselor. The high school counselor will submit dual enrollment applications to the NFC Dual Enrollment Coordinator. Students will register for classes through their high school counselor; they may not register online or directly through NFC staff.

Application Process for New Dual Enrollment Students

Step 1: Meet with your high school guidance counselor to determine dual enrollment options.

Step 2: Meet required assessment testing (Appendix D).

Step 3: Complete the NFC dual enrollment application and give to your high school guidance counselor. Requires parent signature.

Step 4: The high school counselor will submit dual enrollment applications to the NFC Dual Enrollment Coordinator by August 1 for Fall 2021 and December 1 for Spring 2022. Completed applications will include the NFC application and test scores. The high school guidance will confirm the student has the appropriate class standing and test scores to be eligible for dual enrollment prior to forwarding the application to NFC.

Step 5: Meet with you high school guidance counselor to assist with signing up for the appropriate course.

Step 6: Complete the NFC registration form. Guidance counselor signature required. Counselor will submit form to NFC for registration during published registration period. Certain Career and Workforce Education (CWE) programs have a separate application process. See an Academic Advisor for details.

Step 7: Confirm registration by logging into the NFC Information Network.

Step 8: Complete college courses with a grade C or better.

Withdrawing from Classes

Students must contact their guidance counselor to withdraw from classes. The guidance counselor will submit the withdrawal with required signature to the Dual Enrollment Coordinator to withdraw a student from class. Withdrawing from a course after the drop/add period counts as an attempt and a final grade of “W” will be reflected on the student’s NFC transcript.

Maximum Age for Participation in Dual Enrollment

The maximum age for participation in dual enrollment is 19. Student must not be over age 19 by the first day of fall semester to participate in dual enrollment for that academic year. With extenuating circumstances, students may appeal the maximum age limit by submitting a written request to the Dean of Academic Affairs. The decision of the Dean is final.

Testing

For dual enrollment purposes, high school students may test in the NFC Testing Center or Live Oak Location. Set up an appointment by calling 850-973-9451 (NFC Testing Center) or 386-364-5093 (Live Oak Location) or emailing testing@nfc.edu. PERT Testing at the NFC Testing Center or Live Oak Location is limited to twice each semester. If ACT and SAT scores are used for placement, individual student score reports are now required. See Appendix D for minimum score requirements.

5. A list of an additional initial student eligibility requirements for participation in the dual enrollment program.

An eligible secondary student is defined in §1007.271(2), Florida Statutes, as a student who is enrolled in a Florida public secondary school or a Florida non-public secondary school. A non- public secondary school must be in compliance with §1002.42(2), Florida Statutes, and must conduct a secondary curriculum pursuant to §1003.428 or §1003.4282, Florida Statutes, in order for its students to be eligible to participate in a dual enrollment program. Confirmation of compliance must be provided to the College from the non-public institution.

Evidence of compliance can be a letter attesting that the non-public school complies or the receipt of actual documentation, i.e., catalogs, etc.

Students must meet the following eligibility criteria:

- Be enrolled as a student in a Florida public or nonpublic secondary school (grades 6-12), or in a home education program. The College limits eligible students in grades 6-8 to one course per semester. The number of semester hours that an eligible student in grades 9-12 enrolls each term is at the discretion of the high school counselor. The College recommends that eligible students in grades 9 and 10 limit coursework to two courses per semester and students in grade 11 limit coursework to three courses per semester.
- Achieve and maintain, with no exceptions, an unweighted 3.0 high school grade point average to enroll in college credit courses.
- Achieve and maintain, with no exceptions, an unweighted 2.0 high school grade point average to enroll in career dual enrollment courses.
- Students must achieve a minimum score for reading, writing, and math preparation through submission of appropriate placement test scores pursuant to Rule 6A-14.064, Florida Administrative Code (F.A.C.). No student shall be enrolled in a college credit course on a dual enrollment basis unless the student has demonstrated adequate preparation through submission of appropriate placement test scores in reading, writing and math. See Appendix D.
- Program admission requirements/exit requirements for CWE programs and other DE eligible limited access programs. The TABE can be exempted if the student meets cut score on a college placement test (ACT, SAT, PERT, or CPT). Students are responsible for costs for placement and/or exit tests.
- Cannot be scheduled to graduate prior to the completion of the dual enrollment course.

The Private School is responsible for ensuring completion of requirements for graduation from high school for students approved for early admission. The admission criteria and GPA requirements are the same as regular dual enrollment.

The student is responsible for applying for admission and meeting admission requirements prior to the published deadlines. Incomplete applications will cause delays that may prevent registration into the desired course or program.

The high school guidance office is responsible for verifying that the student has earned the required scores on the proper placement test(s) in order to register for a specific course(s). The guidance counselor or designee at the high school will sign the registration form to verify that the student is eligible to take the dual enrollment course(s).

Students enrolling in dual enrollment courses must identify a postsecondary educational objective. The Office of Dual Enrollment will work closely with students and high school guidance professionals in the development of student academic and education plans.

Students who enroll in college courses in the summer of their high school graduation must do so as degree seeking students rather than dual enrolled students unless the college course begins and ends prior to their high school graduation date and contributes to the requirements necessary for high school graduation.

6. A delineation of the high school credit earned for the passage of each dual enrollment course.

Any course that is contained within the common course numbering system shall be eligible if not specifically excluded by Florida Statute, State Board of Education Rule, District Board of Trustees Policy, or District Board of Education Policy. The high school credit awarded may be found in the 2021-2022 Dual Enrollment Course - High School Subject Area Equivalency List which is available at the Florida Department of Education website.

<http://www.fldoe.org/core/fileparse.php/7744/urlt/ACCAgenda-Feb2021-AppA.pdf>
[2021-2022 Dual Enrollment Course-High School Subject Area Equivalency List \(fldoe.org\)](#)

The high school guidance office is responsible for dual enrollment students as to the courses which may be used to meet high school graduation requirements.

7. A description of the process for informing students and their parents of college-level course expectations.

The Private School and NFC will work collaboratively to notify students and their parents of college-level course expectations. The college requires all first-time dual enrollment students to attend Dual Enrollment Orientation Session provided by the college. The College recommends all students be advised by an NFC academic advisor after earning at least 12 credit hours.

NFC will also inform students and parents of college-level course expectations using the course syllabus which is given to each student in each college-level course at the beginning of each semester. The Office of Academic Affairs shall determine course content in accordance with the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) criteria and select instructional materials. Course materials and class discussions may reflect topics not typically included in secondary courses which some parents may object to for minors. Courses will not be modified to accommodate variations in student age and/or maturity.

8. The policies and procedures, if any, for determining exceptions to the required grade point averages on an individual basis.

NFC does not allow exceptions to the GPA requirement as specified in Section 1007.271, F.S.

9. The registration policies/procedures for dual enrollment courses as

determined by the postsecondary institution.

Student must complete their registration form with their high school guidance counselor. The form must be completed with all the required information about course reference numbers (CRNs). The completed registration forms will be given to the Dual Enrollment Coordinator who will register the students for courses that are available at the time the form is received. Students with incomplete applications for admissions, which includes all required signatures, will not be allowed to register. Students will also not be registered if they are missing any other pertinent information, such as test scores. The deadline for qualifying PERT scores for fall term is August 1. The deadline for qualifying PERT scores for spring term is December 1. It is the responsibility of the high school to ensure that all student registrations and test scores are in the Office of the Registrar prior to the published registration period. 2021-2022 Deadlines for High Schools are listed below.

2021 - 2022 Deadlines for High Schools

Fall 2021 (Classes: August 19 – December 7. Exams: December 8-13)

Registration	begins July 6
Dual Enrollment Application Deadline	August 1
Drop/Add	August 19 – August 25

Spring 2022 (Classes: January 6 – April 27. Exams: April 28 – May 3)

Registration	TBA
Dual Enrollment Application Deadline	December 1
Drop/Add	January 6 – January 12

10. Exceptions, if any, to the professional rules, guidelines, and expectations stated in the faculty or adjunct faculty handbook for the postsecondary institution.

NFC does not make any exception to rules, guidelines, or expectations for faculty members.

Criteria for Accreditation:

The selection, development, and retention of competent faculty at all academic levels are of major importance to the educational quality of dual enrollment programs. The Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) criteria require that NFC provide evidence that it has employed faculty members qualified to accomplish the purposes of the program and the institution as well as fulfill the intent of SACSCOC accreditation guidelines. Faculty must meet the requirements of SACSCOC criteria for academic and professional preparation. According to SACSCOC, requirements for faculty teaching associate degree courses designed for transfer to a baccalaureate degree are as follows:

doctorate or master's degree in the teaching discipline or master's degree with a concentration in the teaching discipline (a minimum of 18 graduate semester hours in the teaching discipline). The credentials for all full-time and adjunct instructors in all programs will be maintained in the office of the Chief Academic Officer.

North Florida College will provide for the orientation, supervision, and evaluation of all full-time and adjunct instructors.

- The Director of Curriculum and Instruction, with the involvement of the appropriate department chair, will hold an orientation meeting for adjunct faculty. All adjunct faculty teaching dual enrollment courses are required to attend.
- The Director of Curriculum and Instruction will meet with or email the adjunct faculty at least once each term for the purpose of discussing and clarifying institutional policies and procedures as well as expectations.
- The Director of Curriculum and Instruction will partner the adjunct faculty member with a full-time faculty member in the same discipline who acts as a content "go to" person.
- The Director of Curriculum and Instruction will conduct periodic evaluations of the performance of adjunct faculty members. Such evaluations may include classroom visitations, assessment of instructional materials including tests and other measures of student progress, and student evaluations of instruction. These evaluations will be maintained in the Office of Academic Affairs.
- The faculty handbook is accessible through the NFC website. All faculty are expected to adhere to the professional guidelines, rules, and expectations therein.
- The student handbook is accessible through the NFC website. The student handbook details add/drop and withdrawal policies, student code of conduct, grading policies, critical dates, etc. All faculty are expected to adhere to the professional guidelines, rules, and expectations therein.

Personnel Assignments:

- The Dean of Academic Affairs will be responsible for approving faculty to teach dual enrollment courses. The high school is responsible for providing the College Chief Academic Officer with the graduate transcripts of a resident faculty member that it desires to put forward as a possible teacher of NFC courses.
- The faculty assigned to teach dual enrollment courses will meet SACSCOC criteria. The College will collaborate with the School Board in making faculty appointments to teach dual enrollment courses at the high school.
- There will be an orientation for instructors assigned to teach dual enrollment courses. This will be part of the College preplanning activities and will be directed by the Director of Curriculum and Instruction.
- The purpose of the orientation session will be to share important information and instructional materials that will support and enhance teaching effectiveness.

Instructional effectiveness throughout the district remains a high priority for the College.

11. Exceptions, if any, to the rules, guidelines, and expectations stated in the student handbook of the postsecondary institution which apply to faculty members.

The NFC student handbook does not state any exception to rules, guidelines, or expectations for faculty members.

12. The responsibilities of the school district regarding the determination of student eligibility before participation in the dual enrollment program and the monitoring of student performance while participating in the dual enrollment program.

The high school will designate an individual responsible for serving as the contact person for dual enrollment. The high school will be responsible for the following administrative tasks:

- Identifying students who may be eligible for and benefit from dual enrollment;
- Verifying that the student is eligible to register for dual enrollment courses on the basis of documented placement test scores, high school GPA, and readiness for college.
- Ensuring that student registrations are in the Office of Dual Enrollment in accordance with the published registration period.
- Assuring reasonable access to schools and students by College personnel for purposes of program information and dissemination.
- Providing staff to assist College personnel with facilities and requested instructional equipment.
- Responding to requests for transcripts for dual enrollment students in a timely manner.
- Using College adopted textbooks and instructional materials.
- Adhering to the College calendar. (Appendix B)

The evaluation of students and the assigning of grades are the prerogatives and responsibilities of the faculty member assigned to teach the class in which the students are enrolled. The method for determining the final course grade, including activities to be graded and their respective weighting shall be specified in the course syllabus and distributed to the student. Any unavoidable changes to the grading policies in the syllabus must be communicated in writing to each student in the course. Instructors may assign only those grades specified in the catalog. The instructor of record must assign all grades in a given course.

All faculty at NFC send “early alerts” to academic advisors two times a semester when students are underperforming in class. The Dual Enrollment Coordinator will send the high school guidance office a copy of the unsatisfactory performance notice. If more information is needed, the Dual Enrollment Coordinator will contact the instructor.

If an emergency prevents the instructor from assigning final grades, the College department chair using original student records, course syllabus, and other appropriate information will assign final grades. Under such circumstances, a written explanation of the situation will be attached to the final grade roster.

A student may not be registered in one course and attend another course. (Assuming valid reasons for a change from the course for which the student registered, the Drop/Add Form must be processed to reflect the actual situation; such paperwork must be processed immediately, not at the end of the term.)

Students who earn a grade of D, F, or WF will not be able to register the following semester. After a one semester "sit out", the student may register with the approval of the high school counselor or designee. Courses in which a grade of D, F, or WF is earned may be repeated one time for grade forgiveness if approved by the high school counselor or designee and if the college GPA is 2.0 or higher.

If a dual enrolled student withdraws from a college credit course and receives the grade of "W," the high school guidance counselor or designee makes the determination whether or not the student registers the next term. Any student receiving a "W" grade in a course may repeat the course with the approval of the high school counselor or designee. Students are ineligible for dual enrollment if the college GPA is below 2.0 or cumulative high school GPA is below 3.0.

All grades, including "W" grades for withdrawal, count as course attempts and become part of the student's college transcript; they may affect subsequent postsecondary admission and financial aid. As dual enrolled, the student is limited to two attempts per course.

Eligible secondary students are entitled to participate in dual enrollment for a maximum of 70 credit hours. Students requesting to dual enroll in excess of 70 credit hours will be required to submit a written request to the Dean of Academic Affairs. The decision of the Dean is final.

Dual enrollment courses may be taken at the College or at the high school site or at any site where college courses are taught, subject to approval by the high school guidance counselor.

Students may lose the opportunity to participate in the dual enrollment program if they are disruptive to the learning process. Procedure is outlined in NFC's Student Handbook.

Regular and consistent attendance facilitates student success. Absences beyond the equivalent of two weeks of class are considered to be excessive and thus may impact a student's course grade. Typically, two weeks of class would be 4 class meetings for a three-credit hour course on MW or TR. There are no "excused" absences. An absence is an absence, and students are responsible for material covered during their absence. In addition, if there is no verifiable participation within the first week of the term, the student will be dropped from the class for nonattendance. This includes all methods of delivery. CWE programs may have specific

attendance policies. See course syllabi for specific information.

13. The responsibilities of the postsecondary institution regarding the transmission of student grades in dual enrollment courses to the school district.

The College will maintain official student records in the Office of the Registrar. The Office of Dual Enrollment will send student letter grades to the high school guidance office within ten (10) days of the last class day of the College term.

The College and the Private School shall jointly assume responsibility for the implementation and enforcement of any rights and responsibilities that arise by the creation, maintenance and use of any "records" and "reports" regarding any high school students enrolled in accordance with all applicable laws, including but not limited to §1002.22, Florida Statutes. Each shall be responsible for "records" and "reports" maintained, housed or stored by the respective institutions.

14. A funding provision that delineates costs incurred by each entity.

1. Florida Statute §1007.271(21)(n), Dual Enrollment Programs, requires school districts pay the standard tuition rate per credit hour to the College for dual enrollment instruction. The methodology for determining student cost is outlined in Appendix C.
2. The non-public secondary schools shall be held to the same statutory requirements regarding tuition payment to the College as the school districts.
3. For fall and spring terms, an invoice will be sent to the school districts and the non-public secondary schools at the conclusion of the college term's verification of class attendance. The invoice will reflect the total number of hours enrolled times the established tuition rate per credit hour as outlined in Appendix C. Payment is due upon receipt of the invoice.
4. School districts and non-public secondary schools will not be invoiced for students who drop college classes during the prescribed drop/add period.
5. School districts and non-public secondary schools will be invoiced for students who withdraw ("W" grade) during the withdrawal period as outlined in the academic calendar.
6. The College application fee will not be assessed while students participate in the Dual Enrollment Program. However, the application fee will be assessed when students enter a degree program at North Florida College following graduation from high school.
7. The Private School will provide the student with the required textbook(s) and other instructional materials. The Private School will take ownership of the textbooks and other instructional materials at the time of purchase and will reuse the materials whenever possible in future dual enrollment courses, as long as they are required for such courses. NFC will provide a list of required textbooks for each course on the NFC website at least 45 days prior to the start of the term.
8. Consumable materials assigned for use with dual enrollment courses will be issued to students. The cost of these consumables will be included on the invoice sent to the school

districts and the non-public secondary schools at the conclusion of the college term's verification of class attendance. Costs are outlined in Appendix C.

9. Costs associated with tuition and fees, including registration, and laboratory fees, will not be passed along to the student.

15. Any institutional responsibilities for student transportation, if provided.

The student, the parents of said student, or the Private School shall provide transportation.

16. Special Populations.

1. Minority enrollment is encouraged in dual enrollment programs. High school guidance counselor or designee will ensure that minority students are provided information about the dual enrollment program, including the advantages afforded students who register for college courses while in high school. The Private School shall provide the College a letter outlining the steps taken to promote dual enrollment opportunities for minorities.
2. The Private School guidance counselor or designee will ensure that qualified students with disabilities (including those who have Individual Education Plans or 504 Plans) are provided information about the dual enrollment program. The Private School understands that the accommodations and modifications provided to the student under the IEP are not automatically provided in the postsecondary setting. NFC cannot be held to the decisions of the IEP Committee. NFC has a separate procedure for approving accommodations for students with disabilities. The Private School will refer the student and his/her parents to the Office of Student Disability Services on the NFC main campus and will provide copies of relevant documentation to NFC. This contract serves as a release of information. ISP's may not be sufficient evidence. The Private School is responsible for all student testing to determine disabilities. Accommodations from the college will proceed upon completion of the intake with the parent and student and receipt of appropriate records.
3. Accommodation provisions will be individually determined by NFC according to Florida Statute and Florida Administrative Codes. NFC agrees to arrange and provide accommodations for dual enrolled students receiving instruction at any facility other than the high school. The Private School agrees to arrange and provide accommodations for dual enrolled students receiving instruction on the high school campus. The high school guidance counselor will ensure that NFC's determinations are followed at the high school campus. The Private School is responsible to ensure that the student receives all accommodations determined by NFC. If a high school student has a dedicated, paid staff member as an aid/assistant, the Private School agrees to send that staff member with the student to NFC classes. NFC does not provide personal care attendants for students. Situations not covered by the above agreement will be discussed and decided on a case by case basis between the parties. Please contact the NFC Disability Resource Center (DRC) at 850-973-9403.

Appendix A

Dual Enrollment Eligible Degrees and Certificates

Associate in Arts Degree – A.A.

Associate in Science Degree – A.S.

- Accounting Technology
- Business Administration
- Criminal Justice Technology
- Emergency Medical Services
- Engineering Technology

College Credit Certificates

- Accounting Technology Management
- Accounting Technology Operations
- Accounting Technology Specialist
- Business Operations
- Human Resources Administrator
- Criminal Justice Technology Specialist
- Emergency Medical Technician (EMT-Basic)
- Engineering Technology Support Specialist
- Lean Manufacturing
- Pneumatics, Hydraulics and Motors for Manufacturing
- Medical Coder/Biller

Career and Workforce Certificates

- Advanced Manufacturing and Production Technology
- Florida CMS Correctional Basic Recruit Academy
- Early Childhood Professional Certificate (ECPC)

Prior to enrolling in a certification program, it is the student's responsibility to meet with a College Academic Advisor to ensure the student meets all eligibility requirements of the program. See the NFC College Catalog for current information.

Appendix B

North Florida College 2021 - 2022 Academic Calendar

TRADITIONAL TERM

<i>Fall 2021</i>	<i>Term I</i>
August 17 & 18	Faculty Planning Days
August 19	Classes Begin
Sept. 6	LABOR DAY Holiday
Nov. 11	VETERANS DAY Holiday
Nov. 24, 25 & 26	THANKSGIVING Holidays
Dec. 7	Classes End
Dec. 8 – 13	Final Exams
Dec. 15	Grades Due
Dec. 15, 17	Faculty Planning Days
Dec. 17	Term Ends. Commencement

<i>Spring 2021</i>	<i>Term II</i>
Jan. 4 & 5	Faculty Planning Days
Jan. 6	Classes Begin
Jan. 17	MARTIN LUTHER KING Holiday
Feb. 21	PRESIDENTS DAY Holiday
March 21 – 25	SPRING BREAK
April 21	Honors Convocation
Apr. 27	Classes End
Apr. 28 – May 3	Final Exams
May 4	Grades Due 4:00 pm
May 5, 6	Faculty Planning Days
May 6	Term Ends. Commencement

<i>Summer 2021</i>	<i>Term III</i>
May 9	Classes Begin
May 30	MEMORIAL DAY Holiday
July 4	INDEPENDENCE DAY Holiday
July 18	Classes End
July 19 & 20	Final Exams
July 25th	Grades Due. Term Ends

Appendix C

2021 - 2022 Academic Year North Florida College Dual Enrolled Cost

Taught on NFC Campus by NFC Instructor \$71.98/credit hour/vocational credit hour

Taught on School Board Campus by NFC Instructor \$71.98/credit hour/vocational credit hour

Video Conference Delivery from NFC Campus to High School Campus

Instructional Cost	71.98
Less Public School Instructional Cost for Facilitator	
- ((\$17.04 * 15 weeks)/13)*\$1.0765)	21.16

Total Cost \$50.82/credit hour/vocational credit hour

Consumable Materials for EMT	
Background check and fingerprinting	60.00
Materials	156.00
Total	\$ 216.00*

***Evaluated annually. Pending NFC Board approval.**

Consumable Materials for Florida CMS Correctional Basic Recruit Training Program	
Introduction to Corrections (CJK-0300)	5.00
