NFCC Library

**You can read these books on your Apple and Android devices. You may also download these books to a Kindle Fire, Kindle Fire HD, Nook, Color Nook, Sony e-reader and a Kobo. You will need to download either the AxisReader (recommended) or the BLIO app depending upon the format of the book.**

## **Set up your account with the NFCC Library:**

Go to <http://nfcc.axis360.baker-taylor.com/> and browse the collection. There is a link for “Downloadable eBooks” on the NFCC Library Website.

1. Once you are ready to check out, login with a prefix (NFCC) and your barcode and four digit pin (last 4 digits of SSN#). For example – NFCC24701000073549 / pin=3549. Be sure to type the NFCC prefix in all caps.
2. The first time you log on you will be asked to create an account.

If you don't have an AxisReader or BLIO account (the app that allows you to download the book) you will be asked to create an account for that as well. You will still need to download this app on your device. Remember the username and password for your AxisReader or BLIO so you can log in when you download the app.

Once you checkout the book, you will need to select which format (Axis=ePub or BLIO) and then it will be placed into the “cloud” ready for you to download to your device.

For more complete directions or any questions, please contact the NFCC Library at [library@nfcc.edu](mailto:library@nfcc.edu) or go to our website [www.nfcc.edu/library](http://www.nfcc.edu/library) or call us at 850-973-1624.
