REFUND POLICY

Refund of tuition and fees is based upon the regulations listed below. A registered student must officially drop a course or officially withdraw from the College to receive a refund of fees. Students officially withdrawing no later than the "Last day to drop and receive a refund" (see Academic Calendar) are eligible for refund of fees as follows:

- Refund of 100 percent of matriculation and tuition fees when a class is canceled by the College.
- Refund of 100 percent of matriculation and tuition fees when a student withdraws from or drops a course before the last day to drop classes and receive a refund. After this date, no refunds will be made for course withdrawals.

Before refunds are disbursed, outstanding indebtedness to the College must be paid.

In cases of extreme personal or family hardship, or in cases involving other extenuating circumstances, the Dean of Enrollment and Student Services may waive the above regulations.

FEES FOR RETAKING COURSES

Section 240.124, Florida Statutes, mandates that (as of Fall 1997) each student attempting the same non-repeatable undergraduate course more

than twice beginning with Fall 1997 shall be assessed an additional per credit hour surcharge beginning with the third attempt. Attempted hours include hours that have been dropped, withdrawn from, or repeated under NFCC forgiveness policy. Exceptions include any course taken prior to Fall 1997, attempts taken at an institution other than NFCC and any non-fee-liable course dropped or withdrawn.

Out-of-state fees are assessed to individuals upon a third attempt to satisfactorily complete a course that is not designated as a repeatable course in the College Catalog and Course Schedule. The additional tuition and fees may be waived by the Dean of Academic Affairs. To apply for consideration for a waiver of the additional fees that are assessed on a third attempt, the student must submit the following:

- Petition for Exemption from Full Cost of Instruction form
- Letter addressed to the Dean of Academic Affairs explaining circumstances of previous failed attempts and how circumstances differ for the requested 3rd attempt
- Copy of student's academic transcript
- Completed student schedule planner

The petition packet must be submitted and approved by the end of the drop/add period for the term in which the student would like to attempt the course. A fourth attempt may be allowed only through an academic appeals process based on major extenuating circumstances. Contact the Office of Enrollment Services for more information.

TUITION-FREE COURSES FOR THOSE 65 YEARS OF AGE AND OLDER

Interested parties 65 years of age or older may apply for admission as senior citizens. The admission requirements applicable to students under this category include the completion of an application as non-degree seeking/senior citizen and payment of the one-time \$20.00 application fee. This is a special category status and is not an alternate form of admission for Career and Technical Education programs or associate degree programs. Those applying for admission as senior citizens may register up to four (4) credit hours per semester. No academic credit shall be awarded for attendance in classes for which fees are waived for students in this category. This privilege may be granted only on a space-available basis. Registration takes place on the first day of classes for any given term. Tuition is waived, but the student is responsible for the purchase of textbooks, instructional materials, and other fees required for the course.

STATE EMPLOYEE FEE WAIVERS

The admission requirements applicable to students under this category include the completion of an application and payment of the one-time \$20.00 application fee. A student with a State Employee Fee Waiver may enroll for up to 6 credit hours of courses per term on a space-available basis. Registration takes place on the first day of classes for any given term. Tuition is waived, but the student is responsible for the purchase of textbooks, instructional materials, and other fees required for the course. Students must submit their approved state waiver form to the NFCC Office of Financial Aid before the published deadline to pay tuition and fees.

CANCELED COURSES

The College reserves the right to cancel courses when necessary. Students will receive full refunds for canceled courses.

COLLEGE CLOSING PROCEDURES FOR WEATHER EMERGENCY

In addition to the e2Campus emergency alert system that notifies participants through email or texts of campus closings, the College switchboard message will be modified, conditions permitting, to indicate the closing status. The Governor has created an Internet site that directs the public to shelter during a hurricane evacuation. The web address is www.floridadisaster.org. If the College is not closed but a student's area has emergency weather situations that may prevent the student from attending class, the student is advised to make the decision concerning safety. Students are responsible for discussing the situation with their instructors to determine how to deal with the extenuating circumstances.

FIRST CLASS MEETING / ATTENDANCE REVIEW

A student is expected to attend the first class meeting of each course for which he/she is registered. All courses are monitored for regular student attendance. Any student who registers for classes but has not attended after the first week of classes will be withdrawn as a "no show."

ENROLLMENT VERIFICATION

All student enrollment verification will be by official request only. Verification letters will not be provided until after the end of the class roll verification period. Students who need enrollment verification should make a written request directly to Enrollment Services, North Florida Community College, 325 NW Turner Davis Drive, Madison, FL 32340. Written requests may also be faxed to (850) 973-1697.

NORTH FLORIDA COMMUNITY COLLEGE FALL 2018

WITHDRAWING FROM A CLASS

Students who officially withdraw from a class by the published deadline receive a "W" grade for the class. A "W" counts as an attempt. The student must initiate the withdrawal procedure. The Withdrawal Form must be completed and processed in the Registrar's Office in order for a student to officially withdraw from a course. A student withdrawing from all courses must complete the Withdrawal Permit. The Withdrawal Permit is designed to document that the student has satisfied all obligations to the College. If a student stops attending class without officially withdrawing, he/ she will receive a grade of "WF."

EXCESS HOURS ADVISORY STATEMENT

Section 1009.286, Florida Statutes, establishes an "excess hour" surcharge for a student seeking a bachelor's degree at a state university. It is critical that students entering Florida Colleges are aware of the potential for additional course fees. "Excess hours" are defined as hours that go beyond 110% of the hours required for a bachelor's degree program. For example, if the length of the bachelor's program is 120 credit hours, the student may be subject to an excess hour surcharge for any credits attempted beyond 132 credit hours (110% x 120 = 132). All students whose educational plan may include earning a bachelor's degree should make every effort to enroll in and successfully complete on their first attempt those courses required for their intended major. Florida College System students intending to transfer to a state university should identify a major or "transfer program" early and, by the time the student earns 30 semester hours of

college credit, be advised of admission requirements for that program, including the approved common prerequisites. Course withdrawals and/or repeats, as well as enrollment in courses non-essential to the intended major, may contribute to a potential excess hour surcharge.

GRADUATION

Students must apply in writing for graduation. Graduation applications are available in the Registrar's Office. In order to receive a diploma or certificate, students must complete a graduation application even if they do not desire to participate in the commencement ceremony. See the Academic Calendar for deadlines concerning graduation.

TEXTBOOK/COURSE MATERIALS

All required textbooks and course materials are listed in the Virtual Bookstore tab on NFCC's homepage. Textbooks and course materials purchased through eCampus, NFCC's only contracted vendor, can be charged against a student's financial aid account. Textbooks and course materials may also be purchased from any other source with the understanding that these non-eCampus purchases cannot be charged against a student's financial aid account.

USED BOOK PURCHASES

Students should check the eCampus book list found in the Virtual Bookstore tab on NFCC's homepage for correct titles and editions. Note: The ISBN listed in eCampus may include both the required text and a required access code. When considering purchasing used books, students should be sure the purchase includes the ACCESS CODE in courses where required. If not, the access code must be purchased separately at an additional cost.

VIRTUAL BOOKSTORE

BEFORE beginning the order process, a student should have the following information:

- A copy of the student's Class Schedule with course name/course number and instructor name.
- The student's GoMail address.
- The student's eight digit date of birth (MMDDYYYY). For example, the eight-digit birthdate of a student born January 3, 1977, is 01031977.

A student is considered a "Returning Customer" when the student enters the Virtual Bookstore. When asked to select "Express Checkout" or "Returning Customer," the student should select "Returning Customer" and provide the requested information to sign in and continue.

Payment for textbooks

- Financial Aid - Financial Aid award funds are loaded into registered students' eCampus Customer Accounts at the end of each business day.
- Third Party Billing - The student must take the student's award letter or voucher to the NFCC Financial Aid Office prior to ordering the student's books. The student's award money will be loaded into the student's eCampus Customer Credit Account.
- Cash on Account - A student may bring cash or check to the NFCC Business Office prior to ordering books. The student's money is then loaded into the student's eCampus Customer Credit Account.
