19 STUDENT NOTIFICATIONS Read the following important notices.

Confidentiality of Student Records: *The Family Rights and Privacy Act of 1974 provides that "Directory Information" may be released to the general public upon request unless the student has specially requested in writing that some or all of the information not be released. A form is available upon request from the office of the Registrar.*

Student Disabilities: *Any student with a disability who wants to request accommodations, assistance, or information should contact Student Disability Services at (850) 973-1611 (TTY).*

Collection of Student Social Security Numbers: *In compliance with Florida Statute (F.S.) 119.071(5)(a), North Florida College (NFC) issues this notification regarding the purpose for the collection and use of your Social Security Number (SSN). In addition, 119.071(2)(a)(II), F.S., authorizes NFC to collect and use your SSN to perform the College's duties and responsibilities for the following purposes: student record management; identification and verification; tracking (also authorized by 1008.386, F.S.); VA benefits (also mandated by 38 USC 3471); and reporting to authorized agencies of the state and federal government (also authorized by 26 USC 6050S). To protect your identity, NFC will maintain the privacy of your SSN and never release it to unauthorized parties. The College assigns you a unique student identification number which is used for educational purposes at NFC, including access of your college records.*

Excess Hours Advisory Statement: *Section 1009.286, Florida Statutes, establishes an "excess hour" surcharge for a student seeking a baccalaureate degree at a state university. It is critical that students, including those entering Florida colleges, are aware of the potential for additional course fees. "Excess hours" are defined as hours that go beyond 120% of the hours required for a baccalaureate degree program. For example, if the length of the program is 120 credit hours, the student may be subject to an excess hour surcharge for any credits attempted beyond 144 credit hours (120% x 120).*

All students whose educational plan may include earning a baccalaureate degree should make every effort to enroll in and successfully complete those courses that are required for their intended major on their first attempt. Florida college students intending to transfer to a state university should identify a major or "transfer program" early and be advised of admission requirements for that program, including the approved common prerequisites. Course withdrawals and/or repeats, as well as enrollment in courses nonessential to the intended major, may contribute to a potential excess hours surcharge.
